

# Mueller Water Products Reports Record Fourth Quarter and Full Year 2025 Results; Introduces Fiscal 2026 Guidance

November 06, 2025

**Increased Net Sales 9.4% in Quarter, 8.7% in Fiscal Year**

**Earned Net Income per Diluted Share of \$0.33 in Quarter, \$1.22 in Fiscal Year**

**Reported Adjusted Net Income per Diluted Share of \$0.38 in Quarter, \$1.31 in Fiscal Year**

**Generated Adjusted EBITDA of \$91.8 million in Quarter, \$326.2 million in Fiscal Year**

ATLANTA, Nov. 06, 2025 (GLOBE NEWSWIRE) -- Mueller Water Products, Inc. (NYSE: MWA), a leading manufacturer and marketer of products and solutions used in the transmission, distribution and measurement of water in North America, announced financial results for its fourth quarter and fiscal year ended September 30, 2025.

In the fourth quarter of 2025, the Company:

- Increased net sales 9.4% to \$380.8 million as compared with \$348.2 million in the prior year quarter
- Reported operating income of \$69.6 million as compared with \$28.4 million in the prior year quarter, and increased adjusted operating income 39.6% to \$78.9 million as compared with \$56.5 million in the prior year quarter
- Reported operating margin of 18.3% as compared with 8.2% in the prior year quarter, and increased adjusted operating margin to 20.7% as compared with 16.2% in the prior year quarter
- Generated net income of \$52.6 million as compared with \$10.0 million in the prior year quarter, with net income margin of 13.8% as compared with 2.9% in the prior year quarter, and increased adjusted net income 76.1% to \$59.7 million as compared with \$33.9 million in the prior year quarter
- Reported net income per diluted share of \$0.33 as compared with \$0.06 in the prior year quarter, and increased adjusted net income per diluted share 72.7% to \$0.38 as compared with \$0.22 in the prior year quarter

- Increased adjusted EBITDA 26.6% to \$91.8 million as compared with \$72.5 million in the prior year quarter, and expanded adjusted EBITDA margin to 24.1% as compared with 20.8% in the prior year quarter

In the 2025 fiscal year, the Company:

- Increased net sales 8.7% to \$1,429.7 million as compared with \$1,314.7 million in the prior year
- Reported operating income of \$260.6 million as compared with \$181.7 million in the prior year, and increased adjusted operating income 25.4% to \$279.1 million as compared with \$222.5 million in the prior year
- Reported operating margin of 18.2% as compared with 13.8% in the prior year, and increased adjusted operating margin to 19.5% as compared with 16.9% in the prior year
- Generated net income of \$191.7 million as compared with \$115.9 million in the prior year, with net income margin of 13.4% as compared with 8.8% in the prior year, and increased adjusted net income 36.9% to \$205.6 million as compared with \$150.2 million in the prior year
- Reported net income per diluted share of \$1.22 as compared with \$0.74 in the prior year, and increased adjusted net income per diluted share 36.5% to \$1.31 as compared with \$0.96 in the prior year
- Increased adjusted EBITDA 14.6% to \$326.2 million as compared with \$284.7 million in the prior year, and expanded adjusted EBITDA margin to 22.8% as compared with 21.7% in the prior year
- Reported net cash provided by operating activities of \$219.3 million as compared with \$238.8 million in the prior year
- Delivered free cash flow of \$172.0 million as compared with \$191.4 million in the prior year
- Returned \$56.9 million to shareholders through dividends and common stock repurchases

"We achieved an outstanding finish to another record year with our fourth quarter net sales and adjusted EBITDA exceeding the high-end of our expectations. Our team's unwavering commitment and relentless focus on operational excellence and customer service enabled us to grow volumes and drive meaningful margin expansion, even as they navigated a complex external operating environment. I am incredibly proud of how our organization continues to execute our strategy and deliver value for all stakeholders," said Martie Edmunds Zakas, Chief Executive Officer of Mueller Water Products.

"Fiscal 2025 was another year of record annual results including strong net sales growth and more than a 100 basis points increase in our adjusted EBITDA margin. Our

achievements in transforming our business over the past two years have expanded our gross margin by more than 600 basis points. We are energized by the progress we've made and the opportunities ahead as we continue to invest across all aspects of our business. Our performance over the past few years reinforces our team's commitment to driving further improvements and leveraging favorable market trends in infrastructure spending."

"Looking ahead, we are well-positioned for continued net sales growth as we leverage our strong market position and benefit from the investments needed to address the aging North American infrastructure. Additionally, our collective focus on enhancing commercial execution, driving operational and supply chain efficiencies and investing in our facilities will support further margin expansion in fiscal 2026 and beyond. I am confident in our team's ability to adapt, execute and deliver results, even with the heightened level of uncertainty in the external operating environment. Their unwavering commitment to our customers and operational discipline will continue to propel Mueller Water Products forward," Ms. Zakas concluded.

## **Consolidated Results**

Net sales for the fourth quarter increased \$32.6 million, or 9.4%, to \$380.8 million as compared with \$348.2 million in the prior year quarter, primarily due to increased volumes across most product lines and higher pricing.

Gross profit for the fourth quarter increased \$29.1 million, or 26.2%, to \$140.0 million as compared with \$110.9 million in the prior year quarter, primarily due to manufacturing efficiencies, volume growth and favorable price/cost. Gross margin of 36.8% increased 500 basis points as compared with 31.8% in the prior year quarter.

Selling, general and administrative expenses for the fourth quarter increased \$3.6 million, or 5.7%, to \$66.7 million as compared with \$63.1 million in the prior year quarter, primarily due to higher personnel costs, inflationary pressures and unfavorable foreign currency, partially offset by lower amortization expense.

Operating income for the fourth quarter increased \$41.2 million, or 145.1%, to \$69.6 million as compared with \$28.4 million in the prior year quarter, which included a non-cash goodwill impairment charge of \$16.3 million. Benefits from manufacturing efficiencies, volume growth, lower amortization expense and favorable price/cost more than offset higher SG&A expenses and higher strategic reorganization and other charges. Operating margin increased to 18.3% as compared with 8.2% in the prior year quarter.

During the quarter, the Company incurred a \$5.6 million warranty charge at Water Management Solutions and \$3.7 million of strategic reorganization and other charges, which have been excluded from adjusted results.

Adjusted operating income for the quarter increased \$22.4 million, or 39.6%, to \$78.9 million as compared with \$56.5 million in the prior year quarter. Adjusted operating margin improved to 20.7% as compared with 16.2% in the prior year quarter.

Net income increased \$42.6 million, or 426.0%, to \$52.6 million as compared with \$10.0 million in the prior year quarter. Net income margin improved to 13.8% as compared with 2.9% in the prior year quarter. Adjusted net income increased \$25.8 million, or 76.1%, to \$59.7 million as compared with \$33.9 million in the prior year quarter.

Adjusted EBITDA of \$91.8 million increased \$19.3 million, or 26.6%, as compared with \$72.5 million in the prior year quarter, and adjusted EBITDA margin improved to 24.1% as compared with 20.8% in the prior year quarter.

## **Segment Results**

### ***Water Flow Solutions***

Net sales for the 2025 fourth quarter increased \$17.2 million, or 8.6%, to \$217.5 million as compared with \$200.3 million in the prior year quarter, primarily due to increased volumes of iron gate and specialty valves and higher pricing across most product lines, partially offset by lower volumes of service brass products.

Operating income and adjusted operating income were \$55.1 million for the quarter. Adjusted operating income increased \$13.5 million, or 32.5%, compared with the prior year quarter. Benefits from manufacturing efficiencies, volume growth, and lower amortization expense more than offset higher SG&A expenses. Operating and adjusted operating margin were both 25.3% as compared with 20.8% for both operating and adjusted operating margin in the prior year quarter.

Adjusted EBITDA of \$62.7 million increased \$11.0 million, or 21.3%, as compared with \$51.7 million in the prior year quarter. Adjusted EBITDA margin improved to 28.8% as compared with 25.8% in the prior year quarter.

### ***Water Management Solutions***

Net sales for the 2025 fourth quarter increased \$15.4 million, or 10.4%, to \$163.3 million, as compared with \$147.9 million in the prior year quarter, primarily due to increased volumes of hydrants and repair products and higher pricing across most product lines, partially offset by lower volumes of natural gas products.

Operating income was \$34.1 million and adjusted operating income, excluding a \$5.6 million warranty charge and strategic reorganization and other charges, was \$39.8 million for the quarter. Adjusted operating income increased \$10.0 million, or 33.6%, compared with the prior year quarter. Benefits from manufacturing efficiencies, favorable price/cost, volume growth and lower amortization expense more than offset higher SG&A expenses. Operating margin and adjusted operating margin were 20.9% and 24.4%, respectively, as compared with the prior year quarter operating margin of 3.0% and adjusted operating margin of 20.1%.

Adjusted EBITDA of \$45.0 million increased \$8.3 million, or 22.6%, as compared with \$36.7 million in the prior year quarter. Adjusted EBITDA margin improved to 27.6% as compared with 24.8% in the prior year quarter.

## **Interest Expense, Net**

Interest expense, net, for the 2025 fourth quarter and fiscal year decreased to \$1.0 million and \$6.6 million, respectively, as compared with \$3.0 million and \$12.7 million in the prior year periods, respectively, primarily as a result of higher interest income.

## **Income Taxes**

For the 2025 fourth quarter, income tax expense was \$16.1 million, or 23.4% of income before tax, as compared with \$14.4 million in the prior year quarter, or 59.0% of income before tax. For the fiscal year, income tax expense was \$62.5 million, or 24.6% of income before tax, as compared with \$47.5 million in the prior year, or 29.1% of income before tax. Excluding the non-cash goodwill impairment in the 2024 fourth quarter, the effective tax rates for the 2024 fourth quarter and fiscal year were 35.4% and 26.4%, respectively. The lower effective tax rates for the 2025 fourth quarter and fiscal year compared with the prior year periods, excluding the non-cash goodwill impairment in the prior year, were primarily a result of change in valuation allowance of certain state tax credits and foreign operating losses, tax benefits related to stock compensation and higher foreign tax rate benefits.

## **Cash Flow and Balance Sheet**

Net cash provided by operating activities for the fiscal year was \$219.3 million, a decrease of \$19.5 million as compared with \$238.8 million in the prior year. The decrease was primarily driven by changes in working capital, including decreases in other current liabilities, partially offset by higher net income compared with the prior year.

During the fiscal year, the Company invested \$47.3 million in capital expenditures as compared with \$47.4 million in the prior year.

Free cash flow (defined as net cash provided by operating activities less capital expenditures) for the fiscal year was \$172.0 million, a decrease of \$19.4 million as compared with \$191.4 million in the prior year, primarily due to the decrease in cash provided by operating activities.

As of September 30, 2025, Mueller Water Products had \$451.6 million of total debt outstanding and \$431.5 million of cash and cash equivalents, resulting in a debt leverage ratio of 1.4x and net debt leverage ratio of 0.1x. We did not have any borrowings under our ABL Agreement at the end of the fourth quarter, nor did we borrow any amounts under our ABL during the year. There are no maturities on the Company's debt financings until June 2029 and its 4.0% Senior Notes have no financial maintenance covenants.

## **Fiscal 2026 Outlook**

The Company is introducing its fiscal 2026 consolidated net sales guidance to be between \$1,450 million and \$1,470 million, or an increase of 1.4% to 2.8% compared with the prior year. Consolidated net sales seasonality is anticipated to be normalized with quarterly consolidated net sales highest in the third quarter and lowest in the first

quarter, with a sequential increase in consolidated net sales in the second quarter as the construction season begins to ramp up for the Spring.

The Company anticipates its fiscal 2026 adjusted EBITDA to be between \$345 million and \$350 million, or an increase of 5.8% to 7.3% compared to the prior year. The Company anticipates the second half fiscal 2026 adjusted EBITDA margin will be higher than the first half of the fiscal year, primarily driven by the seasonality of net sales. At the midpoint of our guidance range, we expect to achieve an adjusted EBITDA margin of 23.8% margin for the year, reflecting a 100 basis point year-over-year improvement. The Company expects free cash flow as a percentage of adjusted net income to be more than 85% in fiscal 2026.

The Company's expectations for certain additional financial metrics for fiscal 2026 are as follows:

- Total SG&A expenses between \$243 million and \$247 million<sup>(1)</sup>
- Net interest expense between \$6 million and \$7 million
- Effective income tax rate between 25% and 27%
- Depreciation and amortization between \$47 million and \$49 million
- Capital expenditures between \$60 million and \$65 million
- Pension expense other than service of approximately \$0.1 million

<sup>(1)</sup> Total SG&A expenses assume no impact from foreign currency fluctuations in FY2026.

## Conference Call Webcast

Mueller Water Products' quarterly earnings conference call will take place Friday, November 7, 2025, at 10:00 a.m. ET. Members of Mueller Water Products' leadership team will discuss the Company's recent financial performance and respond to questions from financial analysts. A live webcast of the call will be available on the Investor Relations section of the Company's website. Please go to the website ([www.muellerwaterproducts.com](http://www.muellerwaterproducts.com)) at least 15 minutes prior to the start of the call to register, download and install any necessary software. A replay of the call will be available for 30 days and can be accessed by dialing 1-866-388-5360. An archive of the webcast will also be available for at least 90 days on the Investor Relations section of the Company's website.

## Use of Non-GAAP Measures

In an effort to provide investors with additional information regarding the Company's results as determined by accounting principles generally accepted in the United States ("GAAP"), the Company also provides non-GAAP information that management believes is useful to investors. These non-GAAP measures have limitations as analytical tools, and securities analysts, investors and other interested parties should not consider any of these non-GAAP measures in isolation or as a substitute for analysis of the Company's

results as reported under GAAP. These non-GAAP measures may not be comparable to similarly titled measures used by other companies.

Adjusted net income, adjusted net income per diluted share, adjusted operating income, adjusted operating margin, adjusted EBITDA and adjusted EBITDA margin are non-GAAP measures that the Company presents as performance measures because management uses these measures to evaluate the Company's underlying performance on a consistent basis across periods and to make decisions about operational strategies. Management also believes these measures are frequently used by securities analysts, investors and other interested parties in the evaluation of the Company's recurring performance.

Net debt and net debt leverage are non-GAAP measures that the Company presents as liquidity measures because management uses them to evaluate its capital management and financial position, and the investment community commonly uses them as measures of indebtedness. Free cash flow is a non-GAAP liquidity measure used to assist management and investors in analyzing the Company's ability to generate liquidity from its operating activities.

The calculations of these non-GAAP measures and reconciliations to GAAP results are included as an attachment to this press release, which has been posted online at [www.muellerwaterproducts.com](http://www.muellerwaterproducts.com). The Company does not reconcile forward-looking non-GAAP measures to the comparable GAAP measures, as permitted by Regulation S-K, as certain items, e.g., expenses related to corporate development activities, transactions, pension expenses/(benefits), corporate restructuring and non-cash asset impairment, may have not yet occurred, are out of the Company's control or cannot be reasonably predicted without unreasonable efforts. Additionally, such reconciliation would imply a degree of precision and certainty regarding relevant items that may be confusing to investors. Such items could have a substantial impact on GAAP measures of the Company's financial performance.

## **Forward-Looking Statements**

This press release contains certain statements that may be deemed "forward-looking statements" within the meaning of the federal securities laws. All statements that address activities, events or developments that the Company intends, expects, plans, projects, believes or anticipates will or may occur in the future are forward-looking statements, including, without limitation, statements regarding outlooks, projections, forecasts, expectations, commitments, trend descriptions and the ability to capitalize on trends, value creation, long-term strategies and the execution or acceleration thereof, operational improvements, inventory positions, the benefits of capital investments, financial or operating performance, including driving increased margins, operational and commercial initiatives, capital allocation and growth strategy plans, and the demand for the Company's products. Forward-looking statements are based on certain assumptions and assessments made by the Company in light of the Company's experience and perception of historical trends, current conditions and expected future developments.

Actual results and the timing of events may differ materially from those contemplated by the forward-looking statements due to a number of factors, including, without limitation, changing regulatory, trade and tariff conditions; logistical challenges and supply chain

disruptions, geopolitical conditions, including the Israel-Hamas war, public health crises, or other events; inventory and in-stock positions of our distributors and end customers; an inability to realize the anticipated benefits from our operational initiatives, including our large capital investments in Decatur, Illinois, plant closures, and reorganization and related strategic realignment activities; an inability to attract or retain a skilled and diverse workforce, increased competition related to the workforce and labor markets; an inability to protect the Company's information systems against service interruption, risks resulting from possible future cybersecurity incidents, misappropriation of data or breaches of security; failure to comply with personal data protection and privacy laws; cyclical and changing demand in core markets such as municipal spending, residential construction and natural gas distribution; government monetary or fiscal policies; the impact of adverse weather conditions; the impact of manufacturing and product performance; the impact of wage, commodity and materials price inflation; foreign exchange rate fluctuations; the impact of higher interest rates; the impact of warranty charges and claims, and related accommodations; the strength of our brands and reputation; an inability to successfully resolve significant legal proceedings or government investigations; compliance with environmental, trade and anti-corruption laws and regulations; climate change and legal or regulatory responses thereto; the failure to integrate and/or realize any of the anticipated benefits of acquisitions or divestitures; an inability to achieve our goals and commitments in environmental and sustainability programs; and other factors that are described in the section entitled "RISK FACTORS" in Item 1A. of the Company's most recent Annual Report on Form 10-K and later filings on Form 10-Q, as applicable.

Forward-looking statements do not guarantee future performance and are only as of the date they are made. The Company undertakes no duty to update its forward-looking statements except as required by law. Undue reliance should not be placed on any forward-looking statements. You are advised to review any further disclosures the Company makes on related subjects in subsequent Forms 10-K, 10-Q, 8-K and other reports filed with the United States Securities and Exchange Commission.

### **About Mueller Water Products, Inc.**

Mueller Water Products, Inc. is a leading manufacturer and marketer of products and solutions used in the transmission, distribution and measurement of water in North America. Our broad portfolio includes engineered valves, fire hydrants, pipe connection and repair products, metering products, leak detection, pipe condition assessment, pressure management products, and software that provides critical water system data. We help municipalities increase operational efficiencies, improve customer service and prioritize capital spending, demonstrating why Mueller Water Products is *Where Intelligence Meets Infrastructure*<sup>®</sup>.
