

# Mueller Water Products Announces Quarterly Dividend

---

July 29, 2010

ATLANTA, Jul 29, 2010 (BUSINESS WIRE) -- Mueller Water Products, Inc. (NYSE: MWA) announced that its Board of Directors declared a quarterly dividend of 1.75 cents (\$0.0175) per share, payable August 20, 2010, to stockholders of record at the close of business on August 10, 2010.

## Safe Harbor Statement

This press release contains certain statements that may be deemed "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. All statements that address activities, events or developments that we intend, expect, plan, project, believe or anticipate will or may occur in the future are forward-looking statements. Examples of forward-looking statements include, but are not limited to, statements we make regarding our ability to increase capacity utilization. Forward-looking statements are based on certain assumptions and assessments made by us in light of our experience and perception of historical trends, current conditions and expected future developments. Actual results and the timing of events may differ materially from those contemplated by the forward-looking statements due to a number of factors, including regional, national or global political, economic, business, competitive, market and regulatory conditions and the following:

- the demand level of manufacturing and construction activity;
- our ability to service our debt obligations; and
- the other factors that are described in the section entitled "RISK FACTORS" in Item 1A of our most recently filed Annual Report on Form 10-K.

Undue reliance should not be placed on any forward-looking statements. We do not have any intention or obligation to update forward-looking statements after we file this press release, except as required by law.

## About Mueller Water Products, Inc.

Mueller Water Products, Inc. is a leading North American manufacturer and marketer of a broad range of water infrastructure, flow control and piping component system products for use in water distribution networks and water treatment facilities. The Company's broad product portfolio includes engineered valves, fire hydrants, pipe fittings, water

meters and ductile iron pipe, which are used by municipalities, as well as the residential and non-residential construction for heating, ventilation and air conditioning, fire protection, industrial, energy and oil & gas industries.
