Mueller Water Products to Showcase Largest Leak Detection Programme at Singapore International Water Week

July 05, 2018

ATLANTA, July 05, 2018 (GLOBE NEWSWIRE) -- Mueller Water Products, Inc. (NYSE:MWA), announced that Echologics PTE. LTD., the Company's Singapore subsidiary, will showcase the largest deployment of the EchoShore®-TX leak detection monitoring system, with PUB, Singapore's National Water Agency at Singapore International Water Week, July 7-11.

Since commencement of the project in September 2017, 120 EchoShore-TX smart sensors have been installed across approximately 100 km of Singapore's water pipeline network. The monitoring platform combines proven acoustic leak detection technology with wireless connectivity and visual end-user dashboards, to create a dynamic, cost-effective leak detection and pipeline monitoring solution.

"This project has demonstrated that PUB is at the forefront of technology and forward thinking in effectively safe-guarding the future of Singapore's water supply in relation to Non-Revenue Water Loss," stated Mark Nicol, Echologics Senior Director of Sales and Operations - International.

To learn more about this project visit PUB SMART Water Pavilion booth L1M14 or Mueller Water Products booth L1P10 at Singapore International Water Week.
