Mueller Water Products to Present at Robert W. Baird 40th Annual Industrials Conference

November 05, 2010

ATLANTA, Nov 05, 2010 (BUSINESS WIRE) -- Greg Hyland, president, chairman and chief executive officer of Mueller Water Products, Inc. (NYSE: MWA) will present at the Robert W. Baird 40th Annual Industrials Conference. The presentation will take place Wednesday, November 10, 2010 at 9:30 a.m. CST in Chicago.

The presentation will be webcast live, with a replay available in the investor relations section of the Company's Web site, www.muellerwaterproducts.com. The replay of the presentation will be available for approximately 90 days.

Safe Harbor Statement

This press release contains certain statements that may be deemed "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. All statements that address activities, events or developments that we intend, expect, plan, project, believe or anticipate will or may occur in the future are forward-looking statements. Forward-looking statements are based on certain assumptions and assessments made by us in light of our experience and perception of historical trends, current conditions and expected future developments. Actual results and the timing of events may differ materially from those contemplated by the forward-looking statements due to a number of factors, including regional, national or global political, economic, business, competitive, market and regulatory conditions and the following:

- the demand level of manufacturing and construction activity;
- our ability to service our debt obligations; and
- the other factors that are described in the section entitled "RISK FACTORS" in Item 1A of our most recently filed Annual Report on Form 10-K.

Undue reliance should not be placed on any forward-looking statements. We do not have any intention or obligation to update forward-looking statements after we file this press release, except as required by law.

About Mueller Water Products, Inc.

Mueller Water Products, Inc. manufactures and markets products and services that are used in the transmission and distribution of safe, clean drinking water and in water treatment facilities. Our broad product portfolio includes engineered valves, fire hydrants,
