

ENVIRONMENT, HEALTH AND SAFETY POLICY STATEMENT

Mueller Water Products, Inc. (“Mueller”) is committed to high standards of Environment, Health and Safety (“EHS”) performance for the benefit of our employees, customers, stakeholders, and the environment. Our policy aims to:

- Establish a workplace that prioritizes the safety and health of our employees, adhering to the commitments outlined in our [Code of Business Conduct and Ethics](#);
- Ensure compliance with relevant EHS legal requirements, industry standards, and internal policies;
- Proactively manage EHS risks by identifying opportunities for risk reduction, setting robust objectives and targets, and conducting regular evaluations;
- Implement EHS management systems that are customized to our specific product lines and facilities to minimize or prevent occupational injuries, ill health, and adverse environmental impacts;
- Adopt environmentally friendly and health-conscious practices in the design, manufacturing, and distribution of our products, including consideration for waste reduction and recyclability of products;
- Promote a culture of safety and environmental responsibility among our employees and contractors through education and training;
- Maintain open and regular communication with senior management, employees, and other stakeholders about EHS risks, management strategies, and performance;
- Support programs to achieve Mueller’s published sustainability goals; and
- Select suppliers and business partners with consideration of their ability to maintain safe and environmentally responsible operations in compliance with our [Supplier Code of Conduct](#).

Mueller’s EHS policy is implemented through a comprehensive Environment, Health and Safety Management System (“EHSMS”). Mueller is dedicated to regularly monitoring and reporting on our EHS performance to ensure we consistently meet our high standards.
